Finding the **perfect computing solution** for your business just got easier.

Here's the latest "short list" of successful technology solutions just for small and medium-size businesses. It consists of several of our best-selling Compaq products — including a new handheld PC with a color display — that our customers are choosing again and again.

You're ready for the millennium with our Year 2000 certification, required on all our systems — and backed by our Year 2000 compliance statement.

Our new Compaq® Prosignia® Desktops and Notebooks come with pre-installed business software, so you and your team can be productive immediately. These solutions are specifically designed for immediate out-of-the-box productivity at a great value.

And if you're looking for unbeatable performance and expandability, consider the Deskpro Desktops, Armada Notebooks, and Compaq Workstations and Servers featured in this catalog. They offer the industry-leading technology and scalability to power your business over the long haul.

We also offer the options, printers, peripherals, software, and service options to provide convenient single-source shopping. If one of these solutions isn't just right for your growing business, call us, or check out our full product line on our website at www.directplus.compaq.com.

Stretch your budget with **leasing options.**

More small and medium-size companies acquire new equipment through leasing rather than through loans. Why? Because it gives them the financial and technological flexibility to build the most efficient, successful business possible. With a Compaq Capital® flexible leasing solution, you can:

**COMPAQ
Capital**

- Get more technology for your money
- Improve cash flow
- Finance 100% of your technology solution, including software, installation, and more
- Upgrade technology easily as your business grows, to ensure you stay competitive
- Spend less time on paperwork with quick credit turnaround and simple documentation

Shop on our Compaq DirectPlus® website — or call DirectPlus — and we'll put together a financing solution based on your precise needs. Our competitive rates and flexible terms make leasing the easy way to make your technology dollars go further.

Protect your business with CAREPAQ Services.

Compaq CAREPAQ Services packages are ideal for small and medium-size businesses — and another smart way to make the most of your technology money.

They meet a broad range of computing needs while relieving you of the burden of maintaining your own technical staff. CAREPAQ Services range from extending your warranty, to helping you get started, to improving productivity and maximizing uptime.

For example, choose an Installation CAREPAQ, and we'll unpack, inspect, assemble, install, and run testing/diagnostic routines on your new desktops or servers to make sure they're ready to go. And CAREPAQ Software Support Calling Cards give users 24x7 support for more than 250 popular business applications, so employees won't lose valuable time working out software problems.

CAREPAQ Warranty Extensions

Protects hardware investment by extending standard limited warranty terms. (See individual system upgrade choices for pricing.)

CAREPAQ Hardware Services

- Upgrades service response times to ensure maximum uptime. (See our website for service options and pricing.)

For more details, visit our website.

It's time to **get growing.** Order your Compaq solution today.

With Compaq, you can count on outstanding technology — from hardware to industry-standard management tools — along with comprehensive service and support. You wouldn't expect anything less from the number-one provider of PCs worldwide.* Here's what else we can do for you: Custom configure your order. Whether it's a single notebook or several servers, we can tailor a solution that delivers the right technology at the right price — with no extra time required to ship.

So order today from Compaq DirectPlus online, or call us directly. There's a Compaq best seller — or custom configuration — waiting for you. And don't forget to ask about our flexible leasing options.

Compaq Online Services: free trial requires internet access capability. ⁷Monitor included in price. ⁸For hard drives and storage, GB = billion bytes. ⁹40X Max CD-ROM data transfer rates may vary from 150 to 6000KB/s. ¹⁰66K Protocol: Designed to allow faster downloads from 56K-compliant digital sources. Maximum achievable download transmission rates currently do not reach 56Kbps and will vary with line conditions. Your modem may only download at the current V.34 standard protocol rates (up to 33.6Kbps) until ITU V.90 standard software upgrade is available. ¹¹V.90 Protocol: V.90 modems are designed only to allow faster downloads from K56flex- or V.90-compliant digital sources. Maximum achievable download transmission rates are currently unknown, may not reach 56 kilobits per second (Kbps), and will vary with line conditions. ¹²K56flex Protocol: Designed only to allow faster downloads from K56flex-compliant sources. Maximum achievable download transmission rates currently do not reach 56Kbps, and will vary with line conditions. Modem only works with Windows 9X and Windows NT. ¹³Limited Warranty: Ask for a copy of the limited warranty for any product featured in this catalog or call for details. Certain restrictions and exclusions apply. All warranty periods represent time from initial purchase. Battery packs and certain options are covered by a one-year limited warranty. Standard coverage includes: Compaq Prosignia Desktops - 3 years parts, 1st year on site labor. Warranty service for parts years 2 and 3 is provided via carry-in service. Compaq Prosignia Notebooks - 5 years parts and 1 year labor; 48-hour turnaround on mail-in depot repair. If your notebook requires repair while under 1st year of warranty, Compaq will supply packaging, pick up the PC at your location, repair it, and return it to you. For pick-up service, call Compaq Tech Support Center. Warranty service for parts after 1st year is provided via carry-in or mail-in. For carry-in service you may bring the PC in to any authorized Compaq Service Provider. Compaq monitors S700 and S800 - 3 years parts with the 1st year on site labor. V65 - 1 year on site labor which covers parts and labor. Compaq 48-Hour Monitor Swap - If your Compaq S700 or S800 monitor needs servicing within the warranty period, you can get a replacement monitor from Compaq within 48 hours of your service call, however pick-up service is not available. Call 1-800-OK COMPAQ if you have a monitor problem. ¹⁴All prices shown are DirectPlus prices and are subject to change, and do not include applicable state and local sales tax or shipping charges. ¹⁵Leasing: Leasing available through Compaq Capital Corporation (CCC) to qualified commercial customers in the United States, subject to credit approval and execution of CCC lease documentation. Monthly lease payments are based on 36-month fair market value lease, and do not include taxes, fees, or shipping charges (though these charges may be included in your lease). Offering subject to other restrictions and CCC reserves the right to change, alter, or cancel at any time without notice. ¹⁶24X Max CD-ROM data transfer rates may vary from 150 to 3600KB/s. ¹⁷32X Max CD-ROM data transfer rates may vary from 150 to 4800KB/s. ¹⁸Compaq Server Pre-Failure Warranty: Pre-Failure Warranty is available on all Compaq Prosignia servers using Compaq Insight Manager 2.1 or higher, also covers ECC memory, and server hard drives (except the 530MB Fast-SCSI-2 hard drives) using Compaq IDA, IDA-2, Compaq SMART SCSI Array Controllers, Compaq SMART-2 SCSI Array Controllers, or SMART Array 2100ES Controllers. Products, specifications, and prices are subject to change. Compaq is not liable for editorial, pictorial or typographical errors in this catalog.
