15 **Microsoft SoftCard Premium System**
Combines full CP/M-80 capability, expanded memory and increased video display in one integrated system.
For Apple II.

16 **Microsoft Premium SoftCard IIe Package**
Offers the CP/M-80 operating system, 80-column video capability and 64K memory on a single circuit card.
For Apple IIe.

17 **Microsoft RAMCard**_m
Memory Board for Apple II.

18 **Microsoft RAMCard**
Memory Board for IBM PC.

Languages

19 **Microsoft BASIC Interpreter**
For CP/M-80 and MS-DOS based machines.

20 **Microsoft BASIC Compiler**
For Apple II, IIe, CP/M-80, and MS-DOS based machines.

21 **Microsoft Business BASIC Compiler**
For MS-DOS based machines.

22 **Microsoft C Compiler**
For MS-DOS based machines.

23 **Microsoft COBOL Compiler**
For Apple II, IIe, CP/M-80, and MS-DOS based machines.

24 **Microsoft FORTRAN-80 Compiler**
For Apple II, IIe, and CP/M-80 based machines.

25 **Microsoft FORTRAN Compiler**
For MS-DOS based machines.

26 **Microsoft Pascal Compiler**
For MS-DOS based machines.

27 **Microsoft Applesoft Compiler**
For Apple II, II + , and IIe.

28 **Microsoft Sort**
Sorting and Merging Facility.
For Apple II, IIe, and CP/M-80 based machines.

29 **Microsoft Assembly Language Development System (A.L.D.S.)**
For Apple II and IIe.

30 **Microsoft Macro Assembler Package**
For CP/M-80 and MS-DOS based machines.

31 **Microsoft muLISP System**
For Apple II, IIe, CP/M-80, and MS-DOS based machines.
