

HEWLETT-PACKARD COMPANY ("HP") has selected certain HP authorized resellers as eligible to provide support on behalf of HP under this direct contract (PT55722) for Microcomputer Systems between HP and the State of New York OGS and to act as HP's agents. The agents selected to support this contract have met the specific provisions set by HP to provide the level of support needed to meet the States requirements.

HP is fully responsible for the performance of the Contract. All orders are issued directly to HP, HP ships the product directly to the customer, and the customer pays HP directly. At the customers option the customer can name a Reseller when issuing a purchase order (inserting the Reseller name and HP Reseller ID number into the purchase order). The Reseller will then receive an agent fee from HP. Naming the reseller in the body of the purchase order as the participating Reseller does not affect the transaction between the customer and HP nor does it affect the price between HP and customer. The customer is not required to work with a reseller, if they choose not to.
