

## **Firmware Maintenance CD version 8.00 Contents**

---

This table lists all of the firmware components on this Firmware Maintenance CD. For more information on any of these components, click the **Browse FW CD** command from the **Firmware Update** tab.

If the text is **Blue**, then the component version has been updated from the previous version of the Firmware Maintenance CD.

If the text is **Green**, then this component is new to the Firmware Maintenance CD since the previous version.

### **HP SUM (HP Smart Update Manager) support column key**

Online	Component can be deployed by the HP Smart Update Manager under the hosted operating system (i.e. Windows component on Windows server)
Offline	Component can only be deployed by HP Smart Update Manager when booted from the Firmware Maintenance CD
Both	Component can be deployed in both Offline and Online modes by HP Smart Update Manager
None	Component requires the creation of boot floppies which must be used to boot the server to deploy the firmware upgrade or the component is not supported by the HP Smart Update Manager
