

# J4366A - HP 80A PDU with UL IEC-309 100 Amp Pin and Sleeve Plug, 200-240V (North America and Japan)

## Technical Data

Product Number  
J4366A

### Supply 80 amp power to HP Rack Systems - North America

The Power Distribution Unit (PDU) supplies power to the equipment mounted in an HP Rack System/E and HP 10000 series rack. This 80 amp PDU is constructed for North American and Japan use with high amperage system configurations.

There are four independent 20 amp circuit breakers that each provide power to two C19 receptacles

### Features

- Single phase input
- Rack mountable
- Attached 4.5m (15 foot) power cord with an IEC-309 100 amp 240v pin and sleeve connector

### Specifications

Dimensions comply with 19" EIA standards.

- 80 Amps
- 200-240V
- 8 IEC320 C19 outlets
- 4.5m (15 ft) power cord
- IEC-309 100 amp plug
- 3 EIA units required

### Installation

This PDU is mounted horizontally between the rear columns. All mounting hardware is included.

Tool required for installation:

- Torx T25 screwdriver

### Certifications

UL  
C-UL

### What you get in the box

- PDU with cord and plug
- Mounting hardware
- Installation instructions

### Compatibility

Can be used with HP Rack System/E and HP 10000 series rack.
