

# Secure Your Server

## Trend Micro Client/Server/Messaging Suite for Small and Medium Business

Activate Trend Micro Client/Server/Messaging Suite for Small and Medium Business, preinstalled on your new HP ProLiant server, to provide immediate protection. Trend Micro Client/Server/Messaging Suite:

- Delivers a multi-layered defense against viruses, spy ware, spam, and other malicious code
- Protects file servers, mail servers, and all PCs on your network
- Is ideal for Microsoft® Exchange Server 2003 and Microsoft Windows® Small Business Server 2003
- Is free for 90 days when activated now

### Activation Steps

After Windows SBS 2003 is properly configured with Internet access, activate Trend Micro Client/Server/Messaging Suite for immediate protection against viruses, spy ware, spam, and other malicious code.

### Online Registration

1. Go to <https://olr.trendmicro.com/registration>, and complete the new customer registration, entering the following registration key:

CM-ZYYU-7GCW-MPM5-T7PF

2. Obtain the Trend Micro activation code sent to the e-mail address supplied during registration.

### Activation and Setup

1. Click **Setup Now** on the Trend Micro splash screen, or double-click **Trend Micro Antivirus Setup** on the desktop.
2. Enter the Trend Micro activation code and other system-related information when prompted to activate Trend Micro security to protect your file and e-mail servers.

### Antivirus and Anti-spam Configurations

Deploy Trend Micro antivirus agents to all network PCs. Complete the “Installing OfficeScan Clients” section of the *Trend Micro Client/Server/Messaging Suite for SMB Administrator’s Guide* located at C:\Program Files\Trend Micro\CSM2-AdminGuide.

## How to Buy

Trend Micro products are available from local resellers, catalogs, and online stores. To purchase Trend Micro Client/Server/Messaging Suite for Small and Medium Business, visit <http://www.trendmicro.com/offers/hp-sbs> for up-to-date purchase options and promotional offers.
