Numbered Footnotes

1. **Hard Drive:** GB=billion bytes. Accessible capacity is less; up to 4 GB is service partition.
2. **Mobile Processors:** Power management reduces processor speed when in battery mode.
3. **Warranty Information:** For terms and conditions or copies of Lenovo's limited warranty, call 08705 500900 in the U.K. Limited warranty includes International Warranty Service in those countries where this statement of product is sold by Lenovo or Lenovo Business Partners (registration required).
4. **Energy Star:** As an Energy Star Partner, Lenovo has determined that this product meets the Energy Star guidelines for energy efficiency.
5. **Battery:** These model numbers achieved the Ziff Davis Media, Inc.'s Business Winstone® 2002 BatteryMark Version 1.0, Battery Rundown Time of at least the time shown. This test was performed without independent verification by the VeriTest testing division of Lionbridge Technologies, Inc. ("VeriTest") or Ziff Davis Media, Inc.; neither Ziff Davis Media, Inc. nor VeriTest makes any representations or warranties as to these test results. Winstone is a registered trademark and BatteryMark is a trademark of Ziff Davis Publishing Holdings, Inc. in the U.S. and other countries. Battery life (and recharge times) will vary based on many factors including screen brightness, applications, features, power management, battery conditioning and other customer preferences.
6. **Thinness:** May vary at certain points on the system.
7. Unless otherwise indicated, prices shown are estimated reseller prices to end users. Reseller prices may vary. Lenovo reserves the right to change prices and product specifications and to discontinue marketing products without notice.
8. **CD/DVD drive speeds:** List maximum rates; rates are variable and are often less than the maximum. (Tape Drives) Data compression may be software dependent.
9. Actual applications included dependent upon country.

Generic Footnotes

ADSL Modems:

Actual Modem Speeds: Depend on many factors, including the plan you sign up for with your ADSL provider, and are often less than the maximum possible.

New 56K v.92 Modem Standard:

Modem Speeds: Public network download speeds are limited to 53 Kbps. Upload speeds are limited to 48 Kbps for v.92 modems. Actual speeds depend on many factors and are often less than the maximum possible. V.92 functions and speeds require compatible phone line and server equipment. Requires download of v.92 microcode, when available, and country approval. Check with your telephone and ISP service providers for availability.

Included Software: May differ from its retail version (if available) and may not include user manuals or all program functionality. License agreements may apply. Operating systems that are not preloaded on the system may not provide full-feature functionality. Please refer to lenovo.com/think/pc/support, select notebook brand, click on "Product Information", choose your machine type, then click on "Product Limitations".

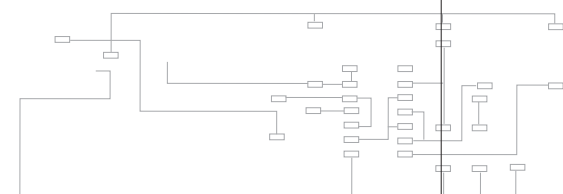

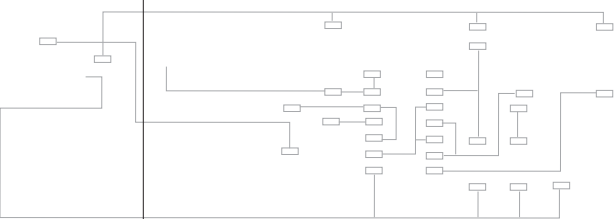

Titanium Composite: As tested using the high-flex modulus test.

Travel Weight: Includes battery and optional travel bezel instead of standard optical drive in Ultrabay bay, if applicable; weight may vary due to vendor components, manufacturing process and options.

Maximum Memory & Internal Hard Disk Capacities: May require the replacement of standard component with largest supported component available. Norton AntiVirus comes with 90 days of virus definition updates.
